Acrobatics is a sport with beauty and art and a combination of gymnastics, choreography and fitness. Acrobatic training provides the required skills for gymnastics, figure skating and diving. The classes will help the students build basic acrobatic skill, balance, flexibility, hand-eye coordination and tumbling skills. They will also improve the students' self-confidence and self-image with simple fitness dancing and ballet. Students will have the opportunity to further advance to progressive gymnastic acrobatic training. Instruction will be provided by Ms. Jun Li, World Cup Gold Medalist in the Sport of Acrobatic Gymnastics and former member of the Chinese Acrobatic Gymnastics Team.

In order for children to learn more skills, this session includes:
