- Saline Marshes
- Wetlands

FEMA Flood Zones
- 100 Year
- 500 Year

Data Source:

Mapping of water resources and wetlands was developedusing NJDEP GIS digital data - NJDEP Open Water 1986, NJDEP Streams 1998, NJDEP Wetlands 1986, (but this secondary product has not been verified by NJDEP and is not state-authorized. The municipal boundary was developed using US Census Bureau digital data for census tracts (2000). FEMA flood zone mapping was developed using FEMA Q3 flood data (1996). Street data was developed using TIGER data (1995).

* Mirror Lake filled in around 1989
