

# Sewer Billing

Sewer charges are billed once annually and are based on prior year water consumption. If any prior year water billings are based on estimated meter readings, then these readings were also used for calculating this sewer bill. Any adjustments to the estimated readings will be reflected the following year.

The property owner is responsible for paying the sewer bill. Tenants should forward this bill to the landlord unless your rental agreement requires tenant payment. This bill should be given to the new owner or his paying agent upon sale or exchange of the property. Please advise this office of any changes in property ownership or mailing address. Mortgage companies are not responsible for paying sewer charges. It is not included in your monthly mortgage payment and must be paid separately.

**Payments:** Sewer charges are payable bi-annually. The payment for the first half is due on the date indicated on the front of this bill, payment Stub # 1, usually between April and June. The payment for the second half, payment Stub # 2, is due October 1 of each year. Please include appropriate stub with remittance. If you choose to pay the bill for the entire year, please include both payment stubs with remittance.

To make a payment in person, we accept cash, check or money order at the Tax Collection Office located in the 2<sup>nd</sup> floor of the Municipal Building, 100 Municipal Blvd., Hours are: Monday through Friday: 8:00am to 4:30pm.
