Happy New Year, Homeowners & Residents,

I am pleased to present Edison Township’s 2019 Calendar of noteworthy dates, useful community information, and essential phone numbers.

I am also proud to say Edison Township — thanks to your participation in our recycling initiatives— is making remarkable progress to reduce our waste stream. We appreciate your continued cooperation as we improve our successful household recycling initiatives.

In addition to curbside recycling pickups, our Public Works Department has made it easier for residents to drop off household recyclables at Minnie Veal in North Edison. Our 471 Meadow Rd recycling location is currently under renovation and is scheduled to reopen Fall of 2019.

Edison will again partner with Re-Purpose NJ to recycle textiles, like old clothing, coats, outerwear, handbags and cloth accessories. Textile recycling bins are at the following addresses around town – 20 New York Blvd., 7 Langstaff Ave., 745 New Durham Road, Minnie B. Veal Community Center, and each public library.

Edison will also host another “E-Recycling Event” this Fall at Papaiani Park. Your participation since 2017 has prevented hundreds of tons of old televisions, computers, printers and fax machines from going into landfills.

Our Township recently received a state grant to promote recycling education in hopes to increase our towns recycling efforts. These funds coincide with our storm water management awareness programs, which help to prevent fertilizers, pesticides, oils, detergents and animal waste from seeping into storm drains, polluting our rivers, creeks and ultimately contaminating the Raritan Bay.

Edison offers many ways for your family to stay in touch and learn more about our first-rate municipal services:

- Visit Edison’s website: www.edisonnj.org or download our mobile-friendly “myedisonnj” for your Apple and Android Smart Phone devices.
- Download our “Recycling Coach App” with up-to-the-minute details about sanitation, recycling and special collections.
- Tune in to Edison’s award-winning public access TV Channel 15.
- Subscribe to Edison’s NIXLE emergency notifications that offers traffic and emergency alerts.

If you need help navigating Edison’s menu of services, please contact my office at (732) 248-7298. For assistance with sanitation, recycling and street maintenance, contact our Public Works Department at (732) 248-7288 or publicworks@edisonnj.org. Questions regarding other township matters can be answered by calling 732-287-0900.

The Middlesex Greenway is a multi-use trail in New Jersey running from the town of Metuchen to Woodbridge, for a total length of 3.5 miles (5.6 km). The mission of the Middlesex Greenway Coalition is to preserve a historic rail corridor as a rail-trail, and to connect it to a growing system of bike paths, and bike routes. The Middlesex Greenway evolved by converting the abandoned Lehigh Valley Railroad into a 3.5-mile linear County Park Trail from Crows Mill Road near William Street, with a 10-foot wide asphalt surface, and ends in Metuchen west of Amboy and Lake avenues. There are 12 entry points along the trail’s length.

SOLUTIONS TO STORMWATER POLLUTION

Actions You Can Take to Protect and Help Restore the Raritan River & Bay

Why does the Raritan Bay need our help?

Long appreciated for its great aesthetic, economic and recreation value, an array of human impacts now threaten the health of the Raritan Bay. Pollution on streets, parking lots and lawns is washed by rain and snow melt into ditches, storm drains, streams, rivers and ultimately, Raritan Bay.

The stormwater pollution is one of Raritan Bay’s greatest threats to clean water and the rivers and creeks that drain into it. Fertilizers, pesticides, motor oil, animal waste, detergents, grass clippings, yard waste and litter are all examples of stormwater pollution.

Limit your use of fertilizers and pesticides

- Perform a soil test to see if you need to fertilize
- Use a drop spreader to apply fertilizer
- Sweep up fertilizer from pavement and other hard surfaces after applying
- Do not apply fertilizers if heavy rain is predicted
- Follow the instructions on the bag label for correct application procedures
- Try alternatives to pesticides, such as plants that repel insects
- Properly store fertilizers and pesticides
- Landscape your property using native vegetation and plants
- To learn more about the proper use of fertilizer go to: www.nj.gov/dep/healthylawnshealthywater

As a resident or business of the Raritan Bay, there are everyday actions you can take to help reduce stormwater pollution

DON’T PUT ANY WASTES IN STREET OR STORMSEWERS
- The Stormwater system is for the collection of stormwater only, with limited exceptions.

DON’T PUT YARD WASTE IN STREET
- Grass clippings, leaves and other yard waste should always be placed in containers and never swept, raked, blown, or otherwise put in street
- If such materials are in the street, they should be removed

KEEP A LID ON ALL DUMPSTERS & REFUSE CONTAINERS
- Uncovered dumpsters and other refuse containers can cause wastes to reach natural water bodies during storm events

CLEAN UP AFTER YOUR PET
- Use newspaper, bags or pooper scoopers to pick up pet waste

DON’T FEED WILDLIFE
- Do not feed ducks, geese or other forms of wildlife in public areas

DON’T LITTER
- Place litter in trash receptacles and keep it out of storm drains
- Reduce, reuse and recycle
- Participate in community cleanups
