

We are assisting the YMCA of Metuchen, Edison, Woodbridge and South Amboy to conduct a community needs assessment.

The YMCA is looking for your input to design services focused on the community, the Y would like to hear from the entire community, and we have agreed to distribute this survey to our constituents. Based on this community needs assessment, the YMCA will design and deliver new or enhanced programs and services that address critical issues in the areas of youth development, healthy living, and social responsibility.

This [community needs assessment survey link](#) will take you to a short online survey. Survey responses are not individually tracked and are kept confidential.

The assessment should take no more than five minutes to complete, and the results will be compiled into an executive summary that will be shared with our organization and others partnering with the Y in this effort.

Should you have any questions, please contact Paul Casey, VP of Operations & Branch Development at (732) 516-2089 or by email at paul.casey@ymcaofmewsa.org.
