WHEREAS, there are two main formula-driver general municipal property tax relief programs currently on the books in our Garden State; and

WHEREAS, though often referred to as “State Aid” programs, these are actually revenue replacement programs, intended to replace property tax relief funding that was, formerly, generated through taxes assessed and collected locally; and

WHEREAS, the first is the Energy Tax Receipts Property Tax Relief program – the direct descendant of the Public Utility Gross Receipts and Franchise Tax, which was a tax on regulated public utilities originally assessed and collected at the municipal level; and

WHEREAS, in the early 1980’s at the request and for the convenience of the taxpaying utilities, the State became the collection agent for his assessment, and the law that effected this change promised that the proceeds would be distributed back to the municipalities, which provide services to utility facilities and from whence come utility profits; and

WHEREAS, the State of New Jersey never honored that commitment, immediately and annually diverting large and growing portions of the proceeds to its own general fund; and

WHEREAS, modernization and deregulation led to a major reform of utility taxes in the mid-nineties, which validated and, supposedly, capped the State’s annual portion of the tax proceeds; and

WHEREAS, that law also included a ‘poison pill’, which required the State to annually increase the municipal distribution of Energy Tax proceeds and to cap its skim; and it further, provided that failure to honor that pledge would result in the forfeiture of the State’s authority to collect the tax; and

WHEREAS, around the same time, for its own convenience, the State decided to ‘consolidate’ a number of previously discrete municipal property tax relief programs; and

WHEREAS, while some may see ‘no rhyme or reason’ to the distribution of Consolidated Municipal Property Tax Receipts Aid (CMPTRA), each of its component parts was distributed according to state established formulas, and many of those parts were, like Energy Taxes, the lineal descendants of taxes that had once been assessed and collected at the municipal level; and

WHEREAS, among its many components, CMPTRA includes the Financial Business Tax, the Business Personal Property Tax Replacement, the Railroad Class II Property Tax, the Insurance Franchise Tax, the Corporation Business Tax on Banking Corporations and State PILOT payments, that had been under-funded for many years, prior to being folded into CMPTRA; and

WHEREAS, these are, or were, all municipal revenue replacement programs – not, properly speaking, State aid, in that they were not meant to make things better for municipal property taxpayers; they were only intended to keep things from getting worse; and

WHEREAS, in the late-nineties, a law was passed that required both the Energy Tax and CMPTRA distributions to be annually increased by the rate of inflation; and

WHEREAS, that law posed a special problem for future State budget makers, but, as those budget makers viewed the matter, the problem was not how to comply with the requirement; the problem was how to avoid compliance without invoking the Energy Tax ‘poison bill’; and
WHEREAS, State policy makers found a way to increase Energy Tax distributions by the rate of inflation for five straight years without providing municipalities with one new dollar in property tax relief, which was done by annually reducing the CPMTRA distribution by the same amount as increased the Energy Tax distribution; and

WHEREAS, thereafter, the State strayed even farther from original legislative intent, when, in 2008 (SFY 2009), CMPTRA was reduced by about $62 million more than the Energy Tax was increased, and in 2009 (SFY 2010), the net loss equaled about $32 million; and

WHEREAS, the State’s Fiscal Year 2011 budget, in which the total distribution of CMPTRA and ETX was reduced by approximately 17 percent, or $272 million from $1.565 billion to $1.293 billion, honoring neither the letter nor the spirit of applicable State laws.

NOW, THEREFORE, BE IT RESOLVED, by the Municipal Council of the Township of Edison, Middlesex County, State of New Jersey, that we demand an immediate end to the State’s reliance on the municipal property tax relief revenues to balance its budget and address other priorities; and

BE IT FURTHER RESOLVED, that we call on the Governor to introduce and the Legislature to adopt an FY 2012 State Budget that provides for the full statutory distribution of Energy Tax and CMPTRA revenue replacement funding, and to continue to honor the letter and spirit of the applicable State statutes, in all years, thereafter; and

BE IT FURTHER RESOLVED, that a copy of this Resolution be forwarded to the leadership of the New Jersey General Assembly, the leadership of the New Jersey State Senate, the Lieutenant Governor and the Governor of the State of New Jersey.
