March 17, 2020

Dear School Community Members,

It has been decided that in an abundance of caution, online learning for all students will continue at least until our scheduled Spring Break, with the earliest possibility of students and staff returning to school being April 13, 2020. That date will ultimately be determined by events that continue to unfold.

In addition, all unauthorized school personnel are restricted from entering any of our school buildings until further notice. It is important to continue to practice the social distancing protocols established by the Centers for Disease Control (CDC) when interacting with community members. All food distributions and computer/device repairs will now be based in two central locations on the opposite sides of town. Edison High School and John P. Stevens High School will serve as the hubs for device repairs and food pick up (breakfasts and lunches.) Specifics and details regarding the logistics of the processes and procedures will be posted shortly on our district homepage and will be updated regularly.

We appreciate your cooperation and patience as we work to mitigate the impact of this virus, maintaining appropriate educational programming for our students and ensuring the safety of our school community. Thank you for your continued support as we continue to navigate this evolving crisis.

Sincerely,

Bernard F. Bragen, Jr., Ed.D.
Superintendent of Schools
