## APPLICATION FOR SOIL IMPORTATION PERMIT

APPLICANT NAME: \_\_\_\_\_ PHONE#: \_\_\_\_\_

APPLICANT'S ADDRESS: \_\_\_\_\_

\_\_\_\_\_

HAULER NAME: \_\_\_\_\_

HAULER'S ADDRESS: \_\_\_\_\_

DATE: \_\_\_\_\_ AMOUNT OF SOIL IMPORTED: \_\_\_\_\_

LOCATION OF PROPERTY SOIL WILL BE IMPORTED: \_\_\_\_\_

REASON FOR IMPORTING SOIL: \_\_\_\_\_

ORIGIN OF SOIL TO BE IMPORTED: \_\_\_\_\_

### ATTACHED TO THIS APPLICATION INCLUDES:

- PROOF OF TESTING BY A STATE CERTIFIED LABORATORY\*\*  
IN CONFORMANCE WITH SUBSECTION 32-2.3  YES  NO
- PROOF OF COMPLIANCE WITH SOIL RANKING CRITERIA  
AS FOUND IN NJAC 7:26D  YES  NO
- PLOT PLAN, SITE PLANS/SUBDIVISION PLANS  YES  NO
- FREEHOLD SOIL CONSERVATION LETTER  YES  NO

\*\*GRAB SAMPLE MUST BE COLLECTED  
BY LAB TESTER

APPLICANT SIGNATURE: \_\_\_\_\_ DATE: \_\_\_\_\_

### FOR OFFICIAL USE ONLY

DATE RECEIVED: \_\_\_\_\_ CHECK#: \_\_\_\_\_ AMOUNT: **\$200.00**

APPLICATION APPROVED:  YES  NO DATE: \_\_\_\_\_

REASONS FOR DENIAL: \_\_\_\_\_

DATE OF ISSUANCE: \_\_\_\_\_ EXPIRATION DATE: \_\_\_\_\_

NOT TO EXCEED SIX (6) MONTHS FROM DATE OF ISSUANCE  
SUBJECT TO RENEWAL

DIRECTOR'S SIGNATURE: \_\_\_\_\_

### **STANDARDS FOR OPERATION DURING SOIL EXPORTATION**

1. Operations shall be conducted so that there shall be no sharp declivities, pits or depressions.
2. Lands shall be graded so as to conform to the approved contour lines and grades and shall be cleared of debris.
3. A minimum of six (6) inches of topsoil shall remain over the entire lot from which soil was removed, except for those portions of the lot occupied by a building or structure or pavement, in accordance with the approved plans and specifications for the development thereof, upon completion of the intended construction.
4. All of the work described in this section shall be performed between the hours of 8:00 A.M. and 4:30 P.M., Monday through Saturday. Where possible, work should be performed during regular business hours of the Department of Engineering so that appropriate inspections may be accomplished.
5. Adequate measures shall be taken to prevent erosion and sedimentation of soil upon surrounding lands, streets, municipal facilities, bodies of water or waterways, in accordance with the provisions of the Freehold Soil Conservation District. No soil shall be removed during periods of rain or other precipitation or within forty-eight (48) hours thereafter. No soil removal operation shall commence without the approved SCS plan from the Freehold Soil Conservation District.
6. The Department of Engineering shall be notified at least forty-eight (48) hours before the removal of soil begins.
7. An accounting of the soil removed shall consist of inspection by the Director of Engineering of the receipts given the applicant by the excavator for the soil removed. The receipts shall record the type and amount of soil taken, the date it was removed and the capacity of the truck. A final written estimate of the amount removed shall be submitted by the applicant. The Director of Engineering must be satisfied that the inspected receipts account for all of the amounts indicated in final estimate.
